**BAND MAY GIVE
LOCAL CONCERT
TO RAISE FUND****Daly City Merchants Group
Assist In Sponsoring
Presentation**

Tentative plans for a concert to be given by the Daly City Band for this community, July 17, are under way, according to George E. Brenner, director.

The band, desirous of raising funds for the purchase of music, hope to realize some revenue from advertising to be sold in the concert program. However, the concert itself will be free to the general public. The Daly City Merchants Association are assisting to sponsor the program.

Popular band numbers will be featured in the concert. As tentative plans stand the numbers to be played will likely include music from Alexander, Suppe, Filmore, Horlick, King, Panella, Barnhouse, Gustin, Missud, Eisenberg and Sousa.

**RACING SEASON
IN FULL SWING
AT BADEN CLUB****Nation's Fastest Greyhounds
Participate In 11 Races
Nightly**

California's racing season is in full swing at Baden Kennel Club, where some of the nation's fastest greyhounds pursue the electrical lure in eleven races nightly. The only track in California to stage summer racing, Baden has proved to be the mecca for thousands of regular patrons and for out of state visitors here on vacation.

More than 36,000 attended the first five nights of racing, it is estimated, with crowds on the increase this week.

Formful racing, outshining anything previously offered in greyhound competition on the Coast, is being established at the South San Francisco track this season. Statisticians have figured that of the first 55 races, 27 were won by the popular favorites.

Championship of the season may stay with a San Mateo County kennel, according to present indications. Andrew's Pride, bred, raised and developed in this county by P. J. Olmo of Colma, far outshines any other dog at the track to date, and his littermate, Mike Andrews, is a close second.

A fast field of young dogs has been introduced at the meeting, and before many weeks have passed one of these may be rated fast enough to give the two San Mateo County dogs a race.

A gala program of eleven races featuring the top greyhounds in training will be offered tomorrow night.

**S. F. Art Museum
Is Awarded Grant**

A grant of \$7500 has been awarded the San Francisco Museum of Art by the Carnegie Corporation of New York as confirmation of museum influence during the three years of its operation and to permit still further development in the coming year. The grant is to be used entirely for an expansion of educational functions of the museum.

Believing that a fuller enjoyment of art brings a fuller enjoyment of life the San Francisco Museum of Art now offers metropolitan opportunities to all communities of northern California through a travelling series of exhibitions and lectures. And to the people of the bay region it presents a course of study designed to stimulate confident personal pleasure in art.

The Carnegie course at the museum will consist of weekly two hour sessions of lecture, demonstration, experiment and discussion over a period of 30 weeks, beginning in October and ending in May. Subjects will include fundamentals of seeing and drawing, history of art, esthetics and art in its application to everyday life and as a sharpening of the preceptions for more vivid experience.

POLA NEGRI ILL**Pola Negri**

Pola Negri, exotic Polish film star of pre-sound days, who was recently rushed to a Berlin, Germany, hospital after she was stricken ill during the filming of a motion picture. In 1927, Miss Negri married Prince Serge Mdivani, whom she divorced in Paris three years later. Her name has been linked romantically with that of Chancellor Adolph Hitler.

**Appoint Promotion
Leaders For Fair**

Appointment of bay region leaders in promotional advertising fields as a citizens promotion committee to assist the 1939 Golden Gate International Exposition publicity department, was announced this week by the president of the exposition.

The committee will also assist in spreading nationwide advertising for the 1939 livestock agricultural show at the Grand National Livestock exposition palace in the largest exposition pavilion in the world, now under construction in Bayshore City, which will be an official part of the Golden Gate fair.

It has been announced that approximately 2,500,000 California vehicles will carry the words "1939 World's Fair" on their license plates during 1938 and 1939.

**Are To Celebrate
Mission Anniversary**

The one hundred and fortieth anniversary of the founding of Mission San Juan Bautista at San Juan, in San Benito County, will be celebrated on June 26 and 27 with unusually elaborate pageantry and some novel sporting events.

Included in the activity program will be old time horse games such as were played on that very historic ground back in the days when Old Mexico ruled California. The climax will come in the form of a three mile cross country race, the finish of which will take place on the Mission field, where in recent years many a thrilling polo match has been staged.

One of the most interesting features of the pageant of San Juan Bautista this year will be the presentation of a spectacular romantic drama in the great outdoor theater of the Mission. This play, "Dolores of San Juan," written specially for the occasion by Lucy Cuddy, well known San Francisco playwright, is based on an adventure which actually occurred in the Monterey country nearly a century ago.

There will be two performances of the play on Sunday, June 27 at 3 p. m., and again the evening of the same day starting at 8 o'clock. It will be staged under the direction of Reginald Travers, prominent San Francisco producer. Adolph Otterstein, of the San Jose State College, will be the musical director of a score composed by Francisca Vallejo McGettigan, direct descendant of an early day governor of this state.

**San Mateo People
Glimpse Eclipse**

A fleeting glimpse of a 6 per cent eclipse of the sun was visible to San Mateo County residents equipped with smoked glasses and old over exposed photographic negatives at 12:20 p. m. Tuesday of this week, according to astronomers.

The solar eclipse, the longest in 1238 years, was visible in totality only over a great area in the middle of the Pacific ocean, 1500 miles from the nearest land.

**COMMITTEEMEN
STUDY SUNDAY
CLOSING PLAN****Report City Council Ready
To Take Favorable
Action**

A committee of five was appointed at the regular business meeting of the Daly City Merchants Association, Wednesday evening of this week, to make immediate recommendations to the city council concerning a Sunday closing ordinance. Members of the Committee are K. Barberian, A. Milo, E. J. Graziani, Stanghellini and Albert H. Boynton.

Mayor Selmi reported that the city council will take favorable action on a Sunday closing proposition providing that the merchants can work out satisfactory details among themselves.

Plans for the annual merchants picnic, scheduled for August 1, at Oak Cove Park were discussed. Committees which worked on the 1936 picnic were reappointed and President Milo stated that he would appoint additional members to arrange details for the affair.

Charley Williamson, representing the Daly City Band, reported on plans to present a concert in July which is to be sponsored jointly by the Daly City Merchants Association and the band.

Grid Star To Sea**Fabian 'Fab' Hoffmann**

Fabian "Fab" Hoffmann, star right end of the University of Pittsburgh football team which defeated the Washington Huskies in the Pasadena Rose Bowl New Year's Day, is pictured as he started on a round-the-world cruise from San Francisco. "Fab," as assistant purser, will make the three months cruise on the Dollar liner President Monroe and return to Pittsburgh in time for fall practice.

**Suppression Methods
Studied By Firemen**

Suppression of fire should one break out in the business district of Daly City near the top of the hill was studied and discussed by local firemen at a regular meeting held at the city hall, Monday evening of this week.

Firemen hold review and discussion sessions at each of their regular meetings. Fire prevention, control, and first aid are studied.

**Toy Dies After 15
Years Of Devotion**

For unquestioning loyalty and complete devotion the dog stands as man's best friend. Poems, essays and stories through the ages have celebrated his nature and expressed man's appreciation for his tenacious qualities.

For 15 years Toy, gay little fox terrier (pictured above), has been a delight to Mr. and Mrs. Pete Dormoy of the Mission circle. Recently she died. The Dormoys have lost a real personality from their circle.

Toy was born September 11, 1922, in Boonville, Calif. She was a Thanksgiving present in that year to the Dormoys from Mrs. H. A. Albert of Boonville. Pete Dormoy looked at his tiny present and immediately decided that Toy was the most appropriate name for their new pet.

Toy had only one litter of four puppies. One of these, Patsy, is still living and in a favorite with the Dormoys.

All during her lifetime Toy was the constant companion of Mr. Dormoy. "She was a real pal on my hunting trips," he said.

Vireno And Louis Nava
Receive Majorities**

One member to the San Mateo Junior College Board of Trustees (Jefferson Union High School District is now a part of the junior college district), two members to the Jefferson Union High School Board and one member to the Jefferson Elementary School Board were elected here Tuesday of this week.

Mrs. Stella Jensen was elected to the junior college post, Mrs. Stella Jensen and Andrew Vireno were elected to the high school board, Louis Nava was elected elementary trustee.

A last minute write in campaign was instigated in the balloting.

**"BLIND ALLEY"
HOLDS INTEREST
OF FULL HOUSE****Author Differs With Views
Of Psychiatrists,
Lawyers**

Psychiatrists and lawyers have been known to declare that crooks have no imagination and low reasoning powers. But the author of "Blind Alley," James Warwick, thinks differently. He believes criminals have imagination and reasoning powers, but are afraid to make use of them. On this hypothesis, Warwick has written the play, which was unveiled for the first time in San Francisco at the Alcazar Theater, Wednesday evening of this week, as a Federal Theater production.

Perhaps the reason the gentry above named have come to their conclusion, says Warwick in effect, is that they haven't come in close enough contact with crooks to find out. Professor Shelby, in "Blind Alley," did. Gangsters, in fact, took possession of his house and family one evening, awaiting a getaway, and the college psychology professor made the most of this opportunity. He proved himself a real psychologist, in fact, so real that he finished up by causing the crook to—but there, go and see for yourself.

"Blind Alley" is deeply entertaining and absorbing enough to hold an audience, as it did this week. Comedy arises from the difference in the language of the crook and the professor, and in the remarks of the small son of the household and stage Irish cook.

Gordon Wickland as Dr. Shelby, Martina Pawley as his wife, Anthony Ward as the principal gangster, little Marvin Lee Dubin as the kid, and Arthur Gardner, Frances Hall, Ethel Soule, Margo Duse, Pierce Lyden, Clifford Ainsley and Frank DuFrane all do excellent work.

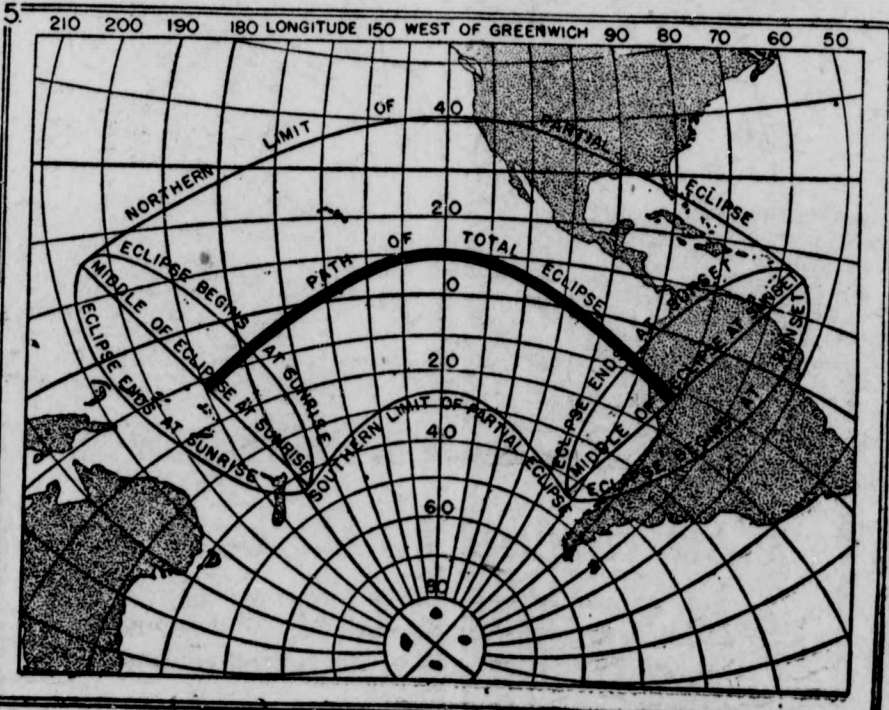

**June Wedding Bells
Ring In Daly City**

June wedding bells are ringing merrily and frequently in Daly City.

William Grantham Jr. and Miss Alma Harper, both of Daly City, were married at 2 o'clock, Saturday of last week, at the Grace Church of the Nazarene. Pastor N. M. Lewis performed the ceremony. Only a few of the relatives and friends of the couple were present. The brother and sister of the bride acted as best man and bridesmaid.

Miss Dottie L. Beecher, daughter of Mr. and Mrs. A. Beecher, Parkview avenue, Daly City, and Milton McKay, San Francisco, were married, Saturday evening of last week at 8 o'clock. Rev. Lewis officiated. Miss Dunstan acted as maid of honor. Thomas McKay, brother of the groom, was best man.

A reception at the home of Mr. and Mrs. G. Lynch, Parkview avenue, followed the wedding. Approximately 100 guests attended. Mr. and Mrs. McKay are making their home on Parkview avenue. They enjoyed a short honeymoon motor trip to Lake Tahoe and Reno, Nev.

Path Of Sun's Longest Eclipse

Because it crossed the international date line from east to west in midpacific, the recent total eclipse of the sun began on June 9—a day after it ended, June 8. On tiny coral Canton Island, in midpacific, a group of American scientists spent days erecting apparatus to photograph the eclipse during its 213 seconds, longest total eclipse in 1200 years. Three hours later the spectacle of the heavens moved eastward and was recorded from Callan Peak, in Peru's Julca Mountains. Thousands of school children viewed a partial eclipse at Lick Observatory, near San Jose, Cal. Chart shows the path of the longest eclipse on record.

Citizens To Honor
"Old Glory" Flag

On Flag Day, Monday of next week, the citizens of the United States will pay tribute to "Old Glory," the emblem of our Republic, according to information received from the United States Marine Corps Recruiting Station in San Francisco.

Research has failed to prove definitely just who was responsible for the design of our national flag. But tradition points to Betsy Ross as the needle woman whose fingers wrought with loving care the first sample of the Stars and Stripes, which was almost identical with the flag as we know it today.

STARS FOR CROSS

Late in the spring of 1776 her little shop in Philadelphia was visited by some distinguished patrons. A committee headed by George Washington called on Mrs. Ross and submitted a rough design of a new type of flag in which stars had been substituted for the crosses of St. George and St. Andrew.

The committee was of the opinion that the stars should be six pointed. But Mrs. Ross, so the story goes, showed them how a five pointed star could be made with one snip of her scissors, and her suggestion was adopted.

Unfortunately no record of this "first" flag has been preserved. However, Betsy told the story over and over again to her children and grandchildren, and it has been well authenticated by descendants of Mrs. Ross.

A LESSON IN LOOKING

There still is a lot for the observant motorist to learn by looking around the service station when he next happens to drop in there. If there is a brake drum handy, for instance, he can learn the disadvantage of excessive brake use by noting just how it warps and scores the drums. Modern brakes generate tremendous heat when used severely and the best of drums is likely to yield under the strain.

Veterans Initiate
Two New Members

Veteran Firemen's Association held their regular meeting, Friday of last week, at 188 Santa Barbara avenue. Mayor Paul Selmi called the meeting to order.

Following the business meeting an initiation service was held. J. G. Reardon and W. W. Sunderland, having served their required time in the Daly City Fire Department, became members.

After brief talks by several members of the organization a buffet supper was served by Comrade J. Hesslein. A guest of the evening was the father of Comrade P. Valenti, who was introduced to the comrades.

Comrade A. J. Green is on the sick list.

Big Time In Turlock Friday and Saturday

Monarch of all irrigation districts in the state of California, the Turlock Irrigation District, will celebrate its fiftieth birthday Friday and Saturday of this week when thousands of happy-go-lucky birthday guests stream into Turlock to participate in the Turlock Irrigation District Golden Jubilee.

Every community, civic organization and organized group within boundaries of the Turlock Irrigation District will take part in the mammoth two-day celebration. Visitors are expected to attend the jubilee from all parts of the state, and noted officials and celebrities are scheduled to participate in the jubilee program.

In conjunction with the jubilee, the California Irrigation Districts Association will hold their annual convention. The business sessions of the conclave will be held today and the delegates will stay over in Turlock to join in jubilee festivities.

No estimate of the expected crowd has yet been announced, but it is expected that housing facilities of Turlock, a town with more than 5000 persons and several hotels, will be taxed beyond capacity.

Outstanding features of the celebration will be a parade Saturday afternoon in which several of the noted bands of the state will march; a tour of the district for the benefit of Irrigation Districts Association delegates, which will begin Saturday morning and will include every town of the district in its itinerary; a huge pageant to be presented Saturday evening, in which more than 600 persons will take part, which depicts the various stages in the development of the district.

In addition to the parade, the tour of the district, and the pageant, other entertainment features, including a special program for wives of delegates to the Irrigation Districts Association convention; street dances Friday night; free motion picture bills in Turlock's cinema theaters; a huge picnic in Turlock's largest park, and a barbecue, will constitute part of the program.

SQUEAKING SPRINGS

In some instances squeaking springs have been silenced by raising the car, prying the spring leaves apart and, after thoroughly greasing them with graphite grease, inserting a piece of ordinary copper mesh screen. Copper screen is better than strips of rubber because it lasts longer. The best width is slightly narrower than the spring leaf, as the screen may work out of position if too wide.

CLEAN DRIP PANS

Danger of fire around the motor is greatly lessened if the drip pans, and exterior of the engine, are kept clean and free from oil and grease accumulations.

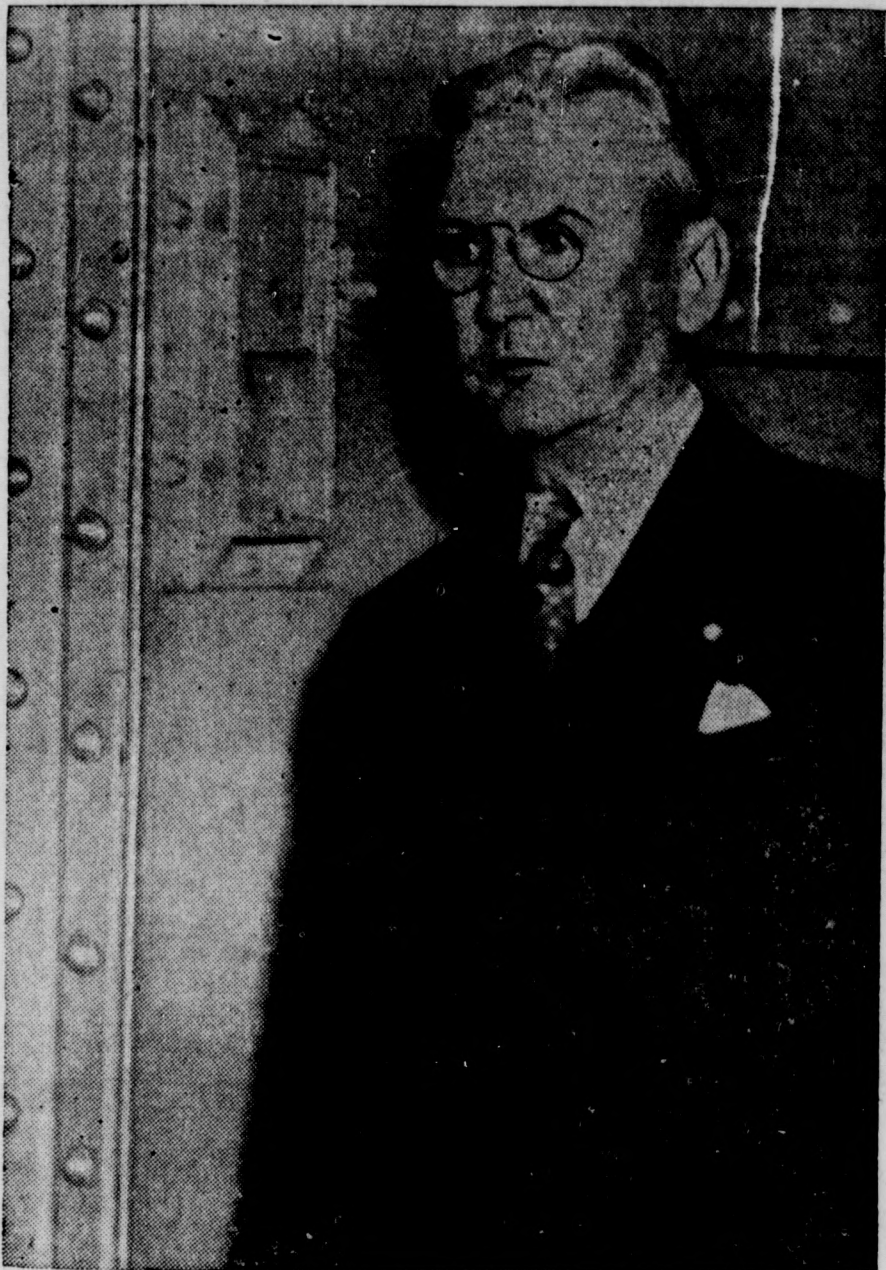

CLICKING NOISE

Clicking sounds in the vicinity of a rear wheel may indicate that the wheel is loose on the axle or hub. Either condition should be corrected immediately.

STICKING WINDOWS

One remedy for car windows that stick is to lubricate the felt channels with any handy form of graphite lubricant. An old generator brush slid up and down the channels is also effective.

Jailed In S. F. Graft Investigation

Pete McDonough, San Francisco bail bond "czar," who was recently sent to jail for contempt of court during current graft investigation. McDonough was named by Investigator Edwin N. Atherton, former G-man, as the "fountainhead of corruption." Telephonic conversations recorded through "tapped

wires" were introduced before a grand jury to prove Atherton's charges that McDonough's office is the city's corruption font, the source of raid tip-offs and has a monopoly on the bail bond business. Photo shows McDonough in San Francisco County Jail after he had spent his first night there.

A Namesake Of Progress

Lots of jokes, good and bad, have been told about names appearing on Pullman cars. It has long been evident that the man who thinks up these designations is first cousin to the fellow who names the mythical kingdoms in romantic novels.

There is a photograph now in circulation which illustrates a two car unit to be used on a new streamlined train between San Francisco and New York, starting some time this July. The train, incidentally, is to be called the Forty-Niner, not in recollection of gold rush days in California, but because its eastbound running time will be 49 hours. The regular Pullman name thinker-upper must have been on vacation when this two car ensemble was painted, for the name that appears in the picture is, very simply, Progress.

The aptness of this name can be appreciated by anyone who ever had the experience of oversleeping in an upper berth. What an ordeal was in store, when you peeked sleepily through the green curtains to find all the other berths made up, the porter's ladder waiting in the aisle below, and every other passenger in the car staring expectantly at the late sleeper's roost!

Under these circumstances it was difficult to emerge gracefully, even though fully clothed, and getting dressed without extending an occasional arm or leg through the curtain slip was an art indeed.

This art, it now seems, is destined to disappear. The two car unit called Progress features seven upstairs bedrooms. They have the same facilities as rooms on the regular level; transverse beds forming sofas by day, individual lighting, heating, toilet facilities and, of course, air conditioning. Most important to the man who finds it difficult to pull on his trousers while lying down, the bedrooms, upstairs as well as downstairs, give him room to stand and move about. That is truly Progress.

LASSEN LOOP TO OPEN

The Mt. Lassen Peak Loop highway from Mineral to Viola is not yet open, nor is it expected to be passable for a few weeks. Snow removal crews have been working 24 hours a day for two weeks and if favorable conditions continue, the road may be opened earlier than the opening day last year, June 25.

The road is now passable from the south approach at Mineral to the Sulphur Works; from the north approach, the Loop highway is open and in good condition from Manzanita lake through the Chaos Jumbles the devastated area to Hat Lake. A good oiled gravel road leads from Redding to Viola and Manzanita lake.

Under and by virtue of an Order of Sale and Decree of Foreclosure issued out of the Superior Court of the State of California in and for the County of San Mateo, on the 1st day of June, 1937, in the above entitled action, wherein the above named plaintiff obtained a judgment and Decree of Foreclosure in this action against the defendants, LEO J. MAKELA, a single man, GEORGE M. MITCHELL, J. DIMMER, HOME MUTUAL DEPOSIT LOAN COMPANY, a corporation, on the 1st day of June, 1937, which said Judgment and Decree was on the 2nd day of June, 1937, recorded in Judgment Book 33 of said Court at page 191, to which Judgment and Decree reference is hereby made for the terms, conditions, and manner of sale, and the amounts due, I am commanded to sell all that certain lot, piece, or parcel of land, situate, lying, and being in the City of Daly City, County of San Mateo, State of California, and is more particularly described as follows, to-wit:

BEGINNING at the point of intersection of the Southeastly line of that certain 20 foot strip of land lying along the Southeastly boundary of the lands of the Spring Valley Water Company with the Southwesterly line of that certain 20 foot strip of land lying along the Southwesterly boundary of said lands of the Spring Valley Water Company, said point of beginning is further defined as bearing North 37° 16' 1/2" West 420.00 feet and South 52° 43' 1/2" West 45.68 feet from the most Northerly corner of tract of land conveyed to Harvey M. Toy by Deed dated December 9, 1924 and recorded December 22, 1924 in Liber 145 of Official Records at page 299; thence from said point of beginning South 52° 43' 1/2" West 54.32 feet; thence North 37° 16' 1/2" West 61.98 feet; thence North 65° 31' East 57.36 feet to a point on said Southwesterly line of a 20 foot strip of land lying along the Southwesterly boundary of lands of Spring Valley Water Company; thence along said last mentioned line South 35° 21' 1/2" East 49.63 feet to the point of beginning.

BEING Lot 54 in Block 3 of the Map of Hillcrest showing subdivision as shown on the official survey of the City of Daly City; including all buildings and improvements thereon (or that may hereafter be erected thereon); together with the hereditaments and appurtenances thereunto belonging and also together with all disappearing beds, ice boxes, mechanical refrigeration units, equipment for heating, lighting, and cooking, mirrors, doors, and window shades and personal property as are ever furnished by a landlord in letting or operating an unfurnished building similar to the buildings erected upon said mortgaged premises and now or hereafter installed therein by the Lienor or his assigns which shall be deemed between the parties hereto and all parties claiming by, through or under him, an accession to the freehold and a part of the realty and encumbered by this lien; together with water and water rights, pipes, flumes, ditches and other rights thereunto belonging, or in any wise now or hereafter appertaining thereto, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

And public notice is hereby given that on Saturday, July 3, 1937, at ten o'clock a. m. of that day, on the steps in front of the Broadway entrance of the County Court House in the City of Redwood City, County of San Mateo, State of California I will, in obedience to said Order of Sale and Decree of Foreclosure, sell the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said Judgment, with interest and costs, to the highest and best bidder, for lawful money of the United States.

Dated: 3rd day of June, 1937.

CARD OF THANKS

I wish to thank all of my friends who were kind enough to write my name on the ticket for elementary school trustee, but for the information of the public in general I wish to say I was unaware of the fact that I was running for an office until 4:30 p. m. on the day of election. Had I intended to be a candidate, self interest would have prompted me to further my campaign.

WASHINGTON SOLONS TAKE LOOK FAR AHEAD

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Congressmen Maury Maverick and Jerry Voorhis recently contributed an illuminating article to a weekly of national circulation on the unemployment still existing in the country, despite all the efforts of the national government to materially reduce the number.

The lawmakers estimate there are eight million unemployed "still with us."

The suggestion is made and it is a good one that a permanent department of government should be established to function as a national building agency. The name of the department is of minor importance but it might be called the Social Welfare Department. As a preliminary the Congressmen believe there should be a comprehensive unemployment survey. That is something we have discussed on more than one occasion.

Assuming the capitalistic scheme of society will be continued it is logical to figure several million of the men and women now unemployed will remain unemployed for years to come. Modern conditions of mass production appear to have as their corollary a large number of idle.

It is pointed out that the Works Progress Administration has done a good job in meeting an emergency situation but long range planning is imperative. What the plans should be is a problem everyone should think of.

Increase of the national wealth is one way of keeping employable men off relief. Practically feasible is the suggestion that at least a gain of ten per cent can be made by enlarging available fertile soils, constructing decent habitable homes, increasing capacity of the country's power plants to develop electricity and by substantial extension of the acreage of forests.

We cannot go wrong by increasing the national wealth and to achieve that laudable object men must be employed, either by the government or by private industry, to do that very thing.

The problem of the unemployed must be faced. The deep students of the present economic situation tell us in unequivocal terms that no nation has ever maintained itself as a strong and vigorous people if it has condemned any considerable number to become an outcast group. It is not the American way to make outcasts of any of its citizens, no matter how humble.

Looking around the authors saw that Japan has dealt with unemployment by cutting wages to the point where it could undersell the world; Great Britain has adopted a general dole; Germany has put its unemployed into compulsory work camps where they get no wages; Italy has carried on two wars to prevent people from finding out they were unemployed.

Here are wise words:
"In America we have got to de-

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, June 13, on the subject "God the Preserver of Man."

The Golden Text will be: "In God is my salvation and my glory: the rock of my strength, and my refuge, is in God" (Ps. 62: 7). Bible selections will include the following passage from Jeremiah 17: 7, 8: "Blessed is the man that trusteth in the Lord, and whose hope the Lord is. For he shall be as a tree planted by the waters, and that spreadeth out her roots by the river, and shall not see when heat cometh, but her leaf shall be green; and shall not be careful in the year of drought, neither shall cease from yielding fruit."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "God is Love. Can we ask Him to be more?" (p. 2).

Purchases Must Receive Agent Okeh

County Executive Ernest A. Rolison, seated last week by the Board of Supervisors, has already taken steps to see that all county purchases are cleared through the purchasing agent.

In a letter to heads of all departments, Rolison ordered that the custom of submitting requisitions directly to the office of the controller be abandoned.

Since the controller's office is merely a finance department and not concerned with correctness of prices, all requisitions must go through the office of Purchasing Agent Stanley for clearance, Rolison told department heads.

Side now whether we are going to face this problem and solve it or whether we are just going to wish the unemployed had gone back to work—and bring on another depression by cutting off their buying power."

Some timely suggestions are that men over forty-five must be given an opportunity to earn a living and not be thrown on the human junk pile; that the requirements that one must be on relief in order to get work on government projects must be eliminated; and that the work done by the unemployed on a government program shall be of such character as to yield a dollar's value for every dollar spent.

JUNE 15 IS THE DEADLINE FOR INCOME TAX

Somewhere in this broad country of ours, some fellow is sure to forget that postal reminder from the government and to leave home on a fishing trip without paying the second installment of his federal income tax. The day of the payment deadline, June 15, will find him knee-deep in icy mountain waters, and the grandma of all game trout engaged in hoydenish flirtation with the royal coachman on his line.

But, no matter how good his angling luck, it won't be good enough to offset the avalanche of woe which Uncle Sam holds threateningly over the heads of those nephews who skip income tax payments. If the forgetful fisherman still owes \$150, and \$50 is due June 15, this is what will happen:

The government will demand immediate payment of the entire \$150, plus interest at 6 per cent. If that doesn't get results, the tax collectors will move to attach the delinquent's property and auction off everything, including his precious fishing rods, to raise the required amount. Nobody can afford to forget that June 15 deadline.

Hold Commencement Exercises For 218

With 218 students receiving diplomas at the fifteenth commencement at San Mateo Junior College, the college is already working on the start of the fall semester. The new students who will begin their work at the college next August will report for entrance examinations Saturday of this week.

With Dr. Ray Lyman Wilbur, president of Stanford as the guest speaker, the graduation exercises took place Thursday of this week in the beautiful Woodland Theater in Hillsborough. Dean Charles Morris presented the class and Superintendent Homer Martin presented the diplomas.

This evening the sophomore formal at the Devonshire Country Club will officially end the semester and the college year.

Miss Lyla Crane and Cleon Abbott of Daly City are among the June graduates at the junior college.

He: "I want to know, once for all, who is boss in this house?"

She: "You'll be much happier if you don't try to find out."

Bayshore To Open To San Jose Gilroy Goes Gala For Annual Rodeo

The San Francisco peninsula will be linked to San Jose by a new highway tomorrow when the final stretch of the Bayshore boulevard between Santa Clara and San Jose is formally dedicated.

It was eleven years ago that the state launched its fast "through" highway skirting the peninsula shore of the bay. It was built San Francisco to South San Francisco, South San Francisco to Burlingame, Burlingame to San Mateo, San Mateo to Redwood City, Redwood City to Palo Alto, and Palo Alto to Santa Clara. The Santa Clara-San Jose link carries out the original plans.

Peninsula leaders will participate in barrier breaking ceremonies for the final stretch to be held tomorrow morning at the Agency underpass.

LUTHER PASS OPEN

Luther pass, extending from Meyers on the Placerville road and connecting with the Carson Pass highway a few miles west of Woodfords is open and in fair to good condition, reports the Stockton office of the National Automobile Club. This is a dirt road; but it is oil-coated and will be re-oiled as soon as conditions permit.

Gilroy, that famed Santa Clara Valley town, has taken on a festive appearance in anticipation of the eighth annual Gilroy Roundup and Gymkhana to be held on June 19 and 20.

With myriads of colored lights strung across every corner of Main street and with colorful rodeo bunting hanging from every window and cornice, the city of Gilroy appears today as one of the most attractively decorated towns in California.

The management of the Gymkhana association is sparing no expense in preparing to make the show this year one of the best ever presented in the West. Trick riding, trick roping, showing of fancy horses, together with the usual rodeo events will go to make an unforgettable program.

OILING RIO VISTA ROAD

Shoulders are being oiled on the highway between Rio Vista and Denverton, reports the Stockton office of the National Automobile Club. The work will take four or five weeks. Traffic uses the center of the highway and when necessary, patrol cars guide cars through.

WORKERS TOLD TO GET SOCIAL SECURITY CARDS

Field representatives of unemployment compensation and federal old age benefits were instructed to inform persons over 65 years of age that their application for social security account numbers is for records of unemployment compensation only.

This announcement was made by the executive director of the state department of employment, and the regional director of the social security board.

Some confusion exists among those persons over 65 who on instructions from the social security board in Washington applied for social security cards.

Many believe this application entitles them to old age benefits, when in reality, they were instructed to apply for purposes of unemployment compensation record keeping only.

The department of employment, which will pay benefits to the unemployed after January 1, 1938, is anxious that every worker, no matter what his age, obtain a social security card to assist in simplifying the wage records of the department.

APPLE SAUCE CAKE

(From Miss E. B. Walker, 20 Lessing street, San Francisco)

1 3/4 cups sifted pastry flour, 1 teaspoon soda, 1/4 teaspoon salt, 1 teaspoon cinnamon, 1/2 teaspoon cloves, 1/2 cup butter or other shortening, 1 cup sugar, 1 egg (well beaten), 1 cup raisins (cut and floured), 1 cup currants or nuts (cut fine and floured), 1 cup hot, thick apple sauce (strained).

Sift flour, measure, add soda, salt, spice and sift together 3 times. Cream shortening thoroughly, add sugar gradually and cream together until light and fluffy. Add egg, raisins, currants or nuts to creamed mixture. Then add flour combination alternately with apple sauce, a small amount at a time. Beat after each addition until smooth. Bake in greased loaf or tube pan in a moderate oven, 350 degrees F., 1 hour.

If frosting is desired the following may be used:

Cream Frosting

2 cups sifted confectioner's sugar, 4 tablespoons cocoa, 2 teaspoons instant postum, 4 tablespoons boiling water, 1 teaspoon vanilla, 1 teaspoon hot water.

Mix sugar and cocoa, add postum (dissolved in boiling water) and vanilla. Stir until smooth. Add hot water up to 1 teaspoon until consistency to spread.

USEFUL HINTS

Put a few grains of rice in your salt shaker to keep the contents dry.

From Mrs. H. Warshawski. Add unbeaten whites of eggs when whipping cream. This will not only add to the quantity of the cream but insure a stiff product.

From Mrs. G. Lindorff. To keep silver bright with the least trouble, it should be washed in very hot water, well softened with borax instead of soap. A brisk rubbing while warm with a chamois, done every second or third day, will keep metal in good condition and make weekly cleaning an easy task.

*** To clean a discolored enameled bath tub or basin use common salt moistened with paraffin. — From Mrs. A. Vireno. When making gravy use the water from the carrots or other vegetables instead of water, thereby improving the flavor. — From Mrs. E. R. Bolger.

SUET DUMPLINGS

(From Mrs. George Cofer)

1 cup flour, 1/2 cup beef suet, 1/4 teaspoon salt, 1/2 teaspoon baking powder.

Chop suet as fine as possible, add a little flour to it as you chop it. Add the rest of the dry ingredients and mix well. Then add enough water to moisten and drop by spoonfuls in the hot stew. Cook slowly for 45 minutes. Serves 4.

New Custom Imperial To Make Appearance

Announcement was made recently by the Mission Auto Company, Chrysler-Plymouth dealer here, that a new five passenger sedan was now available in the Chrysler Custom Imperial models.

Heretofore, only two body styles have been available, the limousine and the sedan-limousine.

The car is identical in general specifications with the other Chrysler Custom Imperial models.

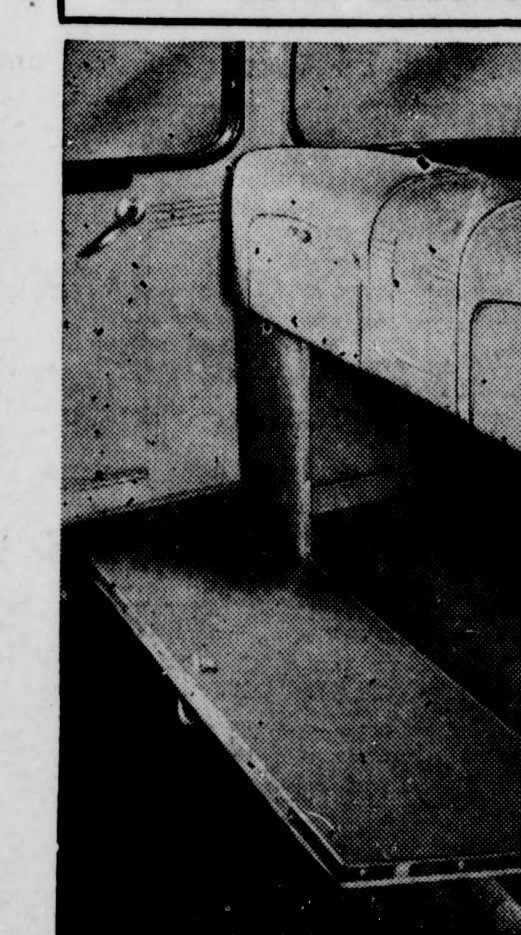

A feature of the new car that is bound to prove highly popular is the provision for carrying luggage inside as well as in the large trunk in

the rear. The partition between the front and rear compartments contains three easily accessible storage spaces. The main space will accommodate two full sized Gladstone bags, while the two smaller compartments are ideal for carrying small articles.

Another feature of the car is that when only two persons are occupying the rear seat the central arm rest may be lowered from the seat back, affording unusual seating comfort.

The car is extremely luxurious in its interior appointments.

NEW AUTO LUGGAGE COMPARTMENT

A new type of interior luggage compartment is now being introduced in the latest Chrysler Custom Imperial Sedan, according to the Mission Auto Company, Chrysler-

MAN O' WAR KEEPS UP ILLUSTRIOUS FAMILY

By J. W. MARCHBANK

For many years the English have been advised by students of blood lines to strengthen their holdings in the way of Matchem stallions. An overabundance of Eclipse stallions was seen to be a danger. Some hope was held in the direction of sons of Kingston, an American horse, but the infusion did not work out according to anticipation.

The United States was fortunate in having Hastings, by the same sire as Kingston-Spendthrift—and it is through Hastings that this country is going so strong in keeping alive the much desired Matchem strain.

Of all the descendants of Hastings by far the best known is Man o'War, sire of the three year old champion, War Admiral. Man o'War is not only a success when it comes to sending out winners to the important courses but also is a brilliant progenitor of useful matrons.

The value of the Matchem strain is shown by Man o'War having eight stakes winners last year, a record only equalled by the Eclipse stallions Stimulus and St. Germans. When it came to rating the maternal grandsires it was found Man o'War was only led by Chicle. The American stock horse is the sire of eight daughters with stakes winning produce while the imported stallion is represented by nine.

The pedigree of the Delaware Handicap victor Viceess is interesting from the circumstance the mare is by Flying Ebony of the Matchem line from the Man o'War matron, Valkyr. Both Flying Ebony and Man o'War come down in tail male from West Australian, the "Flying" one through Solon and Man o'War through imported Australian.

Flying Ebony, winner of the Kentucky Derby, has been in California for several seasons and may be destined to carry on at the Perkins haras in such a way as to make his branch of the Matchem line almost as memorable in the years to come as any other branch. He is five years younger than Man o'War.

Over in England there has been something of a recrudescence of the Matchem influence through Hurry On and his son Coronach. Hurry On traces to Solon similarly to Flying Ebony.

Unemployment Act Requires Payments

California employers subject to the unemployment reserves act for the first quarter of 1937 have until midnight, June 15, to pay contributions.

This announcement was made recently by the executive director of the state department of employment.

After June 15 interest penalties will take effect. Interest of one per cent a month is charged on delinquent contributions.

WHIST PARTY

Old Glory Auxiliary will sponsor a whist party, Wednesday of next week, at the Eagles Hall.

"Would you give ten cents to help the Old Ladies Home?"
"What! Are they out again?"

CHECK HEADLIGHTS

Most drivers put too much trust in their own headlights. The finest headlights often lose 60 per cent of their effectiveness if they are not kept clean and in perfect focus. Glaring headlights are often those not clean or out of focus.

Have your headlights tested regularly, especially during the summer when you use your car a great deal. And when approaching another car at night, lower or dim your lights. The other driver will probably do the same. Whether or not he lowers his lights, reduce your speed until the effects of glare have passed.

Drive carefully, so that your evening rides will be safe ones.

"Did you ever get your diamond back from that peach you were stuck on?"

"No; she's the cling-stone variety y'know."

Probe Mystery In Pedro Death

San Mateo County officers investigated both suicide and foul play theories, Wednesday of this week, following discovery of the body of a young woman in a gas filled auto parked in a grove of trees near Pedro Point.

Only reason to suspect murder, police said, was that a hose leading into the car had been clamped to the exhaust in workmanlike fashion, not as the ordinary woman would do it.

The woman was unidentified. The car was registered to an auto rental agency in Los Angeles. State Game Wardens R. E. Tutt and H. Sebley found the body.

Hold Funeral Rites For Exposure Victim

Funeral services for Eli Boer, 46 whose body was found in Daly City ten days after he disappeared from his San Francisco home, were held Saturday of last week at the W. C. Lasswell and Company chapel with interment in Holy Cross cemetery. Boer, who was in ill health, died of pneumonia and exposure. He leaves a wife and three small children.

Trade At Home And Save Dollars

The next time a man knocks at your door, Madam Housewife, and tries to sell you a Kinda Kute Kitchen Kutup, at 15 per cent off the retail price, for this week only; absolutely indispensable; peels potatoes, strings beans, scrapes dirty dishes and muddles cocktails, you might throw his glib tongue off stride by asking where he lives.

If he so much as hesitates before answering that simple question, you would be wise to close your door, gently but firmly.

The chances are that the peddler comes from a far away city, that he's high-pressuring in your neighborhood for a day and then will move on to another town, taking with him dollars which will never return. Nine times out of ten the very article he tries to sell, or a better one, can be bought in your own community.

Even if his article and price are attractive, you have no guarantee of the peddler's reliability. Your money and order blank may never pass further than his pocket. This happens often enough to make any housewife a sure loser who consistently does her shopping in her doorway.

Most merchants help to build your community by supporting local payrolls. There is one who does not, one who takes all he can get and contributes nothing. He is the door-to-door peddler. The thinking housewife patronizes her local merchant or branch store.

Fifth, Sixth Grades Visit Water Works

Recently the high fifth and low sixth grades of the Woodrow Wilson School visited the Daly City Water Works.

Arthur Bodien explained how the pump takes the water from the 400 foot well. He placed a quarter on the top of the pump to show how firmly the pump was fixed to the well. We went up on a roof where pipes were emptying water into a tank. The water falls from the pipes into a tank. This process takes the gases out of the water and makes it pure. After it is purified it goes to the homes in Daly City.

Students of our classes felt that people of Daly City are fortunate to have such fine pure water.

Caution On Turns Needed For Safety

A man walking through a dark room invariably slows his steps and feels his way with increased caution. A motorist going around a curve or over the crest of a hill should do exactly the same for exactly the same reason: his vision is obstructed and he can't see where he is going.

Really public-spirited citizens keep their community responsibilities in mind when driving. They have a few simple rules which they observe carefully every time they approach a curve or crest of a hill.

Rule 1—I will not pass. It is far better to trail patiently for half a mile or so than to lose patience, swing out to pass, and end up in the ditch.

Rule 2—I will keep to the right. Crossing the center line on a curve or hill-crest is the costliest kind of a chance to take. There is so little to gain, and so much to lose.

Rule 3—I will observe the legal speed limit of 15 miles per hour on curves where visibility is obstructed within 100 feet.

Accidents at turns can be avoided. All that's needed is a little extra attention, a little courtesy, a little patience.

There is only one really right way to make a turn, and it's the easy way.

The driver should move into the proper lane several hundred feet from the turning point. The proper lane for a right turn is the extreme right-hand lane; for a left turn, the lane immediately to the right of the center of the roadway.

A clear signal should be given continuously for at least 50 feet before turning. The driver should slow down to a safe speed, note conditions in all directions, and keep the car under absolute control.

Arch-confraternity Have Anniversary

Members of the arch-confraternity of Our Lady of Perpetual Help Church, Mission street and Wellington avenue, will celebrate their tenth anniversary, Sunday of this week. This confraternity, which is a purely spiritual organization, has thousands of members all over the world. Almost 10,000 members have enrolled in the Daly City arch-confraternity since its beginning 10 years ago.

Annually a novena is conducted for the members to which the general public is invited. A large number of devotees are expected this year. The novena opens today, June 11, and will close next Sunday, with a Solemn Procession of the Most Blessed Sacrament.

BREAK-IN THE BRAKES

The engine of a new automobile is not all that needs breaking-in, says the general manager of the National Automobile Club. So do the brakes. An examination of brake drum surface under a microscope would show the same roughness that calls for cautious use of the engine until it has been removed by the frictional effect of operation. It will save both linings and drums to be temperate in brake use during the early life of the car.

Sequoia Students Entertain At Jeff

Sixteen Sequoia high school students, accompanied by James Thornton, a member of the Sequoia faculty, came to Daly City, Monday morning of this week, to entertain students of Jefferson Union High School here at a special assembly.

A girls trio sang several selections and twelve members of the Charles Mish "Swingster" band played several numbers. The students were introduced to the Jeffersonians by their commissioner of welfare, Leroy Laurence.

A group of students from Jefferson went to Sequoia on Tuesday to return the compliment, putting on an assembly for the Sequoia high school students.

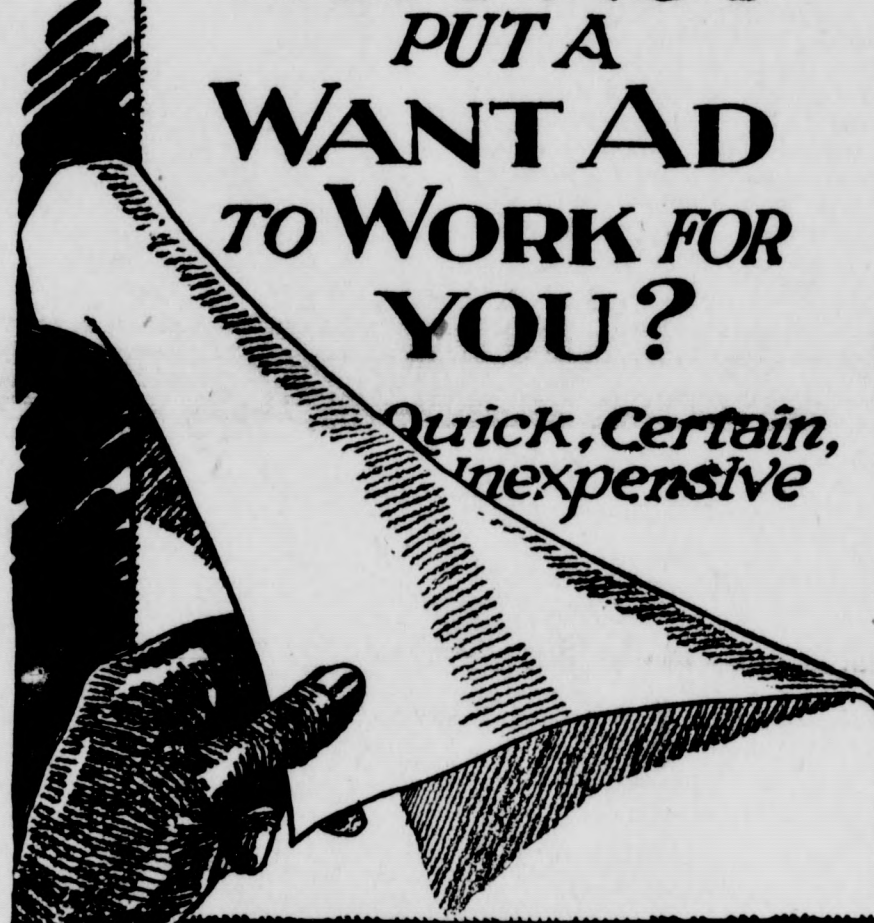

BOY SCOUT JAMBOREE

Throughout the State and nation, the Boy Scouts of America are packing their kits these days for a momentous trip to Washington, D. C., and the greatest annual event of Scoutdom—their National Jamboree. More than 25,000 boys will trek to the capitol from their 48 home states to take part in this jamboree encampment, starting June 30 and continuing through July 9.

The regular monthly whist party of the Colma Volunteer Fire Department will be held, Friday evening of this week, at Jefferson Hall on San Pedro road. Frank Garibaldi will be chairman of the event which will begin at 8:30 o'clock.

A baby boy was born to Mrs. M. Ryan of Cavour street, Wednesday morning of this week, at St. Mary's Hospital in San Francisco. Both are reported doing nicely.

Miss Rita Pacini was hostess to a group of young friends who gathered at her home on Price street, Thursday of last week, in celebration of her birthday. Many lovely gifts were received by the young lady. Following a delightful evening of entertainment, guests enjoyed refreshments served by the hostess.

Friends of Mr. and Mrs. Louis Betschart of Clara street are congratulating them on the birth of an eight pound baby daughter, Monday of this week, at the Junipero Serra Hospital. Both mother and daughter are getting along nicely.

James Casey of Mission street is reported in a much improved condition at Mary's Help Hospital in San Francisco where he was taken, early Monday morning of this week, after he had leaped from a second story window with his clothing ablaze. The young man suffered slight burns, bruises, and a broken wrist as a result of the accident which occurred at the home of friends in San Francisco.

Members of the Women's Home Club of Colma held their regular meeting and luncheon, Tuesday afternoon of this week, at Thornton Grammar School. A successful game was reported. Mrs. Lombardi of South San Francisco was the winner of the two lovely pillow slips which were raffled.

The business meeting of Cypress Circle No. 14, U. A. O. D., was held, Wednesday evening of this week, at Colombo Hall. Plans for the sending of delegates to the state convention to be held soon were completed. Following the meeting, members enjoyed refreshments served by Mrs. Sophie Fulmer and her committee.

Mr. and Mrs. W. Ricconi and son George of San Pedro road motored to San Anselmo, Sunday of this week, where they spent the day visiting at the home of relatives.

Mr. and Mrs. John Donohue and family of San Pedro road enjoyed an outing, Wednesday of this week, at Fleischacker Beach.

A party of young folks participated in a trip on horseback, Thursday evening of last week, around Lake Merced to Fleischacker Beach and return. Those taking part were Mr. and Mrs. R. Petrocchi, Mr. and Mrs. William Belli, Dr. T. H. Paoli, Misses Betty and Alma Camenzind, Alvina Jost, Theresa Dell 'Amico, Harvey Wainwright, John Pitcher, Rico Bolentini, and Hul and Ross Meredith.

Mr. and Mrs. John Biggio of San Pedro road, motored to Pt. Reyes, Sunday of this week, where they spent a pleasant day.

Mr. and Mrs. Louis Donati of Cavour street, enjoyed a trip to Stockton in their recently purchased sedan, early Sunday morning of this week, where they visited at the home of Romolo Passaglia. Those who accompanied them were Mr. and Mrs. G. Pacini and daughter Miss Rita of Price street and Mrs. Emelia Donati of Cavour street.

Mr. and Mrs. A. Blumenthal are planning an extended trip by train to Wisconsin where they will visit with friends. They plan to leave, Saturday of next week.

Enrico Biggio of San Pedro road enjoyed the past week end as the guest of friends in Hopland.

Colma Petitioners Seek Withdrawal

Only one month after the formation of the Colma Fire District, a withdrawal petition bearing 105 signatures of residents of the district was received by the Board of Supervisors this week.

The attorney for the fire district, charged that many of the signers now desire to withdraw their signatures. Further hearing was continued until next week.

SYMPHONY HAS FAMED GUESTS

Both Dr. Reiser-Alfred Keller Have Excellent Music Background

On Monday of next week, at the Alcazar Theater, at 8:20 o'clock, the Federal Symphony of San Francisco will welcome as guest conductor Dr. Alois Reiser and as guest soloist Alfred Keller, violinist.

Recently appointed as supervisor and conductor of the Oakland Project, Dr. Reiser has the benefit of a splendid background, both as musician and conductor. He is a graduate from the conservatory of Prague and a pupil of Anton Dvorak. As cello soloist he toured Europe and later extended his activities to the conducting field when he was engaged at the Prague Opera. At the Metropolitan Opera he conducted for the Russian Ballet.

NOTED VIOLINIST
Alfred Keller, the violin soloist, studied in Europe with Carl Flesch and Ottokar Sevcik. He was concertmaster of the Portland Symphony Orchestra under William Van Hoogstraten. For two years he played in the New York Symphony under Walter Damrosch and was principal violinist in Cincinnati Symphony Orchestra under Fritz Reiner and Eugene Goossens. Besides being a fine musician, Keller is a graduate of the Cincinnati Law School.

Keller will play the Concerto in D Major of Beethoven. Reiser opens the first half of the program with the Fifth Symphony of Tchaikovsky. On the second half the Overture to Oberon of Weber; Beethoven's Concerto in D Major and The Sorcerer's Apprentice of Dukas concludes the music for Monday night.

Excerpts From The Annual Meeting Of Christian Scientists

Progress of Christian Science expressed in the organization and recognition of fifty-nine new churches and societies; in sales increases of 66 per cent for the writings of Mary Baker Eddy, Discoverer and Founder of Christian Science; in an increasingly friendly public thought as reflected by legislative bodies when handling measures involving medical and religious freedom; and in much good healing work; featured reports this week by church officers at the Annual Meeting of The Mother Church, The First Church of Christ, Scientist.

The election of Judge Clifford P. Smith of Newton, Mass., as Church President for the coming year, and of Edward L. Ripley of Brookline as Treasurer, and Ezra W. Palmer of Marshfield as Clerk, was announced. The President is elected by The Christian Science Board of Directors to serve for one year. His duty is to be presiding officer at the Annual Meeting.

Judge Smith declared in his address that "To insure its strength and success, an organized movement requires (1) a good purpose clearly stated, (2) an intelligent plan for achieving this purpose, (3) active co-operation in accordance with the plan by the persons who compose the movement."

The Christian Science Board of Directors, in its message read by the retiring chairman, Mrs. Nelvia E. Ritchie, told Christian Scientists everywhere, "The inspiring reports and testimonies of healing that have come to this Board during the past year give abundant proof of work well done, of progress throughout the movement—give evidence of obedience to Principle, and bear witness that the truth Jesus demonstrated is again understood and made manifest on earth today. While these splendid evidences of progress give cause for rejoicing and we humbly bow our heads in gratitude to God for these proofs of His power and presence, yet as students of Christian Science we all realize that greater works are before us."

"It is our sacred duty and privilege to uphold righteous government and to know that in reality divine Mind, with its attributes of intelligence, wisdom, justice, and mercy, always guides and controls the avenues and channels through which government is expressed. As we look upon the apparent unrest and fermentation in the affairs of the world today, it is heartening and comforting to know that by obedience to the teachings of our Master we can be conscious of the government of divine Principle, and actually see this government made manifest in human affairs and universal peace established."

RAPID PROGRESS ON HILLCREST WIDENING WORK

San Jose Ave. Improvement Is Completed—Sidewalk Yet To Be Poured

(Continued from Page 1)

The widening of Hillcrest drive will facilitate traffic movement in an area which was formerly congested.

SAN JOSE FINISHED

Street work on San Jose avenue was finished late last week opening an 80 foot connection thoroughfare from Mission street at the top of the hill in Daly City to Alemany boulevard in Ocean View.

Several blocks of sidewalk area are yet to be poured on the San Jose avenue job. Engineers announce this work will be done as soon as materials are available.

Fires Believed To Be Incendiary

A series of fires, believed to be of incendiary origin, kept the Colma Volunteer Fire Department busy for a number of hours, late Sunday evening of last week, at Holy Cross Cemetery.

The first, reported at 9 p. m., started in the repair shop and was kept from spreading to the adjoining garage and residence by prompt action of firemen. A second alarm was sounded at 2 a. m. from the cemetery when a fire was reported in a carpentry shop there. It was quickly controlled.

Upon further investigation, it was learned that three other fires had been set in other buildings, two of them failing to ignite.

WEEK ENDS IN JAIL

Thomas O'Kane, Princeton, New Jersey, will spend every week end of June, July and August in jail. The magistrate in that city imposed the sentence to enable O'Kane, who has often faced the court on charges of drunkenness and disorderly conduct, to support his wife and four children.

A mouse trap that can be set without danger to fingers has been invented. It is all metal.

had been delivered during the year ended April 30. Of these lectures, 53 were given in Africa, 54 in Australasia, seven in Hawaii, China, Japan and Manila, one in the City of Mexico, eight in Bermuda, Canal Zone and West Indies, 242 in Great Britain and Ireland, 129 in Continental Europe and Scandinavia, and 2722 in Canada, the United States and Alaska.

"The press has been very generous in contributing space for the publication of lecture reports," Judge Hill declared.

Edward L. Ripley, Church Treasurer, expressed gratitude for the increased individual activity accomplished by members of The Mother Church and added that "in disbursing the funds so generously contributed for flood relief, excellent service was rendered by the Committees on Publication and the various relief workers."

In the report of the Clerk, Ezra W. Palmer, attention was drawn to the international appeal of Christian Science as indicated by the fact that the Instructions for filling out Applications for Membership in The Mother Church are now available in 11 languages.

Colma Man Injured In Leap From Blaze

His clothing a blazing torch, James Casey, 32, of Colma, shouted a warning to save a semi-invalid and her daughter from a flaming death early Monday morning of this week before leaping from a second story window as fire swept through a San Francisco residence.

Casey was critically burned on the face, hands and body and in addition suffered possible internal injuries, a fractured wrist, shocks and bruises.

TWO AWAKEN

Awakened by his shouts, Mrs. J. M. Duke and her daughter, Marva, at whose home at 326 Maple street Casey was visiting, fled to safety through a back door.

Casey was asleep on a davenport when fire, apparently caused by a cigarette, started, firemen reported.

Casey was treated at Park Emergency hospital and later transferred to Mary's Help Hospital where his condition was said to be serious.

Dentist: "You needn't open your mouth any wider. When I pull your tooth I expect to stand outside."

Mr. and Mrs. George Felsch and family of Risel street accompanied by Mr. and Mrs. W. C. Irwin motored to Palo Alto, Sunday of this week, to visit with relatives and friends.

Mr. and Mrs. W. C. Irwin of Hanover street accompanied by Miss Rita Sadler and Miss Lela Buttler were among the guests who attended a bridal shower at the home of Miss Doris Berry of Munich street, Saturday evening of last week, for Miss Eunice Andereggen who will become the bride of Leland Robinson tomorrow evening. The young couple will make their home on Hanover street near Roosevelt avenue.

Mrs. G. F. Jones of 458 Templeton avenue and Mrs. Rose Loomis of 82 Peoria street attended a luncheon given by Mrs. Susie Lean at the home of Mrs. M. Donohue, 2275 Forty-seventh avenue, San Francisco, Friday of last week. Other guests were: Mrs. E. Hoffman, Mrs. M. Rodgers, Mrs. E. Beale, Mrs. J. Golhier, Mrs. I. Kennedy, Mrs. M. Donohue, Mrs. K. Clutter, Mrs. M. Craig and Mrs. M. Curran. A delightful luncheon was served.

Consumer Education Sweeping California

Consumer education, long sponsored by the farmer through the United States Department of Agriculture, is sweeping into large Northern California cities as prices, according to housewives, continue to skyrocket far beyond the point justified by retail profits and increased costs of farm production and labor.

Particularly is the movement gaining headway among women's clubs. Federal statistics, club leaders say, show that women spend 87 per cent of the national pay check.

The movement struck San Francisco during the club and school year just ended. At least a dozen consumer education courses were conducted in evening high schools, day schools and women's clubs.

Housewives are painfully aware that every time they set the table, that meal will cost nearly 50 per cent more than in 1933, 43 per cent more, to be exact. The first day of every month brings realization that rent is up 35.9 per cent above January, 1934. Total living costs, they realize, have risen nearly 25 per cent, while father's salary has taken no such upward climb.

NOTES ON OUR ELEMENTARY SCHOOLS

As an oral language activity students of the high eighth grade of Woodrow Wilson Elementary School have become vitally interested in a series of debates which have acted as an incentive toward statistical research informational reading and intelligent interpretation of problems. The following article was written by Nadine O'Brien, president of the high eighth grade:

"A debating club was formed by the students of the high eighth grade. The purpose of this group is to correlate studies such as English, social science, arithmetic and reading. The first topic for debate was: "Should The Ferryboats Be Continued?" The affirmative side won the argument. Those on the affirmative side were: Maren Nelson, chairman; Dorothy Hammer, Ane Mjehovich and Barbara Davis. On the negative side: Edward McIntosh, chairman; Dorothy Smith, Nadine O'Brien and Irving Greenstein. Another debate on "Should One Man Street Cars Be Continued?" was won by the negative side. On the affirmative side were: Ruth Brady, chairman; Shirley Jones, Madeline Galliano and Leonard Sorg. Those debating the negative issue were: Donald Bettencourt, chairman; Virginia Speers, Glenn Goode and John Schauer.
